April 14, 2004

To Whom It May Concern:

I am writing a letter in support of Keith Davitt as a horticulture instructor. As Director of Education at the Berkshire Botanic Garden, located in Stockbridge, Massachusetts I am responsible for building a vibrant educational program for adults in our region. In March of 2004 I hired Keith Davitt to teach and present for a two-hour workshop on Water Gardens. The lecture/demonstration was well attended by area residents. Evaluations for this program were very high and in most cases, he was rated as Excellent in all categories. His teaching style is organized, thoughtful and thorough. He is able to share his knowledge in a friendly and supportive manner, he is in full command of the material and he is very knowledgeable in his field.

I recommend him as a solid teacher, supportive with students and very knowledgeable.

Sincerely,

Elisabeth Cary
Director of Education
Berkshire Botanical Garden
